New and Recent Important Historical Volumes

A Naval History of the American Revolution

By GARDNER W. ALLEN.

"A valuable contribution to the literature of a period of our history which comparatively few writers have explored. To the thoughtful student, who has already delved into the war affairs of the nation, this history will be a source of additional information, for it seems to overlook none of the details relating to the marine operations of the colonies which sought their freedom, and the reader who revels in history for the story it contains will find Dr. Allen's work prolific with action."—*Indianapolis News*. Illustrated. 2 vols. \$3.00 net. Postage 23 cents.

The Fall of the Dutch Republic

By HENDRIK WILLEM VAN LOON.

"A valuable addition to the stirring history of the Netherlands."—*Boston Transcript*.
"Hendrik Willem Van Loon in 'The Fall of the Dutch Republic' takes up the tale where Motley lays it down, and in every library containing that popular history this admirable continuation of it should be beside it on the shelf."—*Milwaukee Free Press*. \$3.00 net. Postage 20 cents.

Pan-Germanism

By ROLAND G. USHER.

"Prof. Usher's book is one of great value. Nowhere else can a student of modern history find a more comprehensive and searching account, or a more acute analysis of the history of the past quarter of a century and of the actual situation."—*New York Times*. \$1.75 net. Postage 13 cents.

The Americans in the Philippines

By JAMES A. LEROY.

The first complete, comprehensive, and authoritative history of the first years of the American occupation of the islands. Mr. LeRoy was the Secretary of the first Philippine Commission and his book is written, therefore, from first-hand knowledge. With maps. 2 vols. \$10.00 net. Postage extra.

Greek Imperialism

By WILLIAM SCOTT FERGUSON.

This brilliant and scholarly work is of special interest to present-day readers in view of the close parallelism between the development of imperial government in Greece and certain present tendencies to be seen in our own day, notably in England and America. \$2.00 net. Postage 15 cents.

Bull Run: Its Strategy and Tactics

By R. M. JOHNSTON.

The author of "The Corsican" here tells the story of one of the battles of the Civil War from a new point of view. The author knows how to write and has succeeded in blending a dispassionate and technical treatment with a narrative that will hold the reader's attention. With maps. \$2.50 net. Postage extra.

The Nation and the Empire

By LORD MILNER.

This important volume brings together Lord Milner's more notable speeches and addresses through an active and successful public life. No serious student of the present tendencies in government should miss reading it. \$3.00 net. Postage extra.

"The most important book of the year"

THE LIFE OF COL. ROOSEVELT

Theodore Roosevelt

An Autobiography

The world knows Mr. Roosevelt chiefly as a statesman and public servant, as an orator, soldier, and writer. Only a few know him as a private citizen, while many of the personal experiences that have helped to mould his remarkable career are known only to his close friends and co-workers.

In this book Mr. Roosevelt talks with greater intimacy than he has on the platform, in his books, or in his editorial writing, of his life, his philosophy and such of his achievements as illustrate why he has come to hold the views he does. As President Mr. Roosevelt took the initiative in many important events and here he is given a unique opportunity to tell of these as he saw them. The Prosecution of the Criminal Trusts, The Settling of the Russo-Japanese War, The Inception of the Panama Canal, The Voyage of the American Fleet Around the World—these are examples of the kind of happenings from which his narrative and comment are drawn. In addition there are absorbing chapters on his undergraduate life at Harvard, his ranching days in Montana, as New York Assemblyman, as Civil Service Commissioner, as Police Commissioner, as Assistant Secretary of the Navy, as New York State Governor, as an army officer, hunter, naturalist, student of history and editor.

Through the stirring pages of this autobiography, the American people, as well as the greater public, meet him at close range.

The book is not only of national, but of international importance in its interpretation of a personality which during many years has attracted more widespread attention in newspapers, periodicals and among the people than any other single personality of the present day.

The book is handsomely bound and is unusually attractive, with illustrations of portraits, fac-similes of various documents, pictures of buildings, localities, and other interesting and appropriate matter.
